Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This five-bay three-story framed and weatherboarded structure faces west onto Williams Street. It is a big square-form building with a central passage plan. Its extent is substantially increased by the two-story rear ell and by the two-story south wing. It has interior brick chimneys and a prominent mansard roof. The windows are glazed with two-over-two double-hung sash. A one-story hipped-roof screened-in front porch shelters the facade. The original siding has been replaced with asphalt paper. This remarkable and substantial structure dates from the late nineteenth century.

Prepare both a summary paragraph of significance and a general statement of history and support.

This boarding house and restaurant was established in 1919 by John Elliott. At that time, there were no buildings between the Elliott Inn and the Patuxent River, so that guests had an unobstructed view of the river at sunset. The thirty-room facility provided room and board for shipyard workers, sport fishermen, and vacationers. It closed during World War II because of food rationing.
